Serging Secrets Part One

FREE CLASS with ADVANCE REGISTRATION

Wondering if you'd use a serger? Have a serger already, but don't reach for it very often? Join us for an information-packed demonstration of techniques and projects to get you serging with confidence. The patented jet-air threading system by Baby Lock makes serging more efficient and enjoyable than ever, but you don't need to own a Baby Lock to benefit from this free class.

Sat., Feb. 11; 10:00 a.m.-12:00 p.m.

There is no fee for this class, but please call 616-531-5561 to register so that we'll have enough seating and handouts for everyone.

Serging Secrets Part Two - all participants should have already taken Part 1

FREE CLASS with ADVANCE REGISTRATION

Sit down with Beth Ann and put a Baby Lock serger through its paces. Each participant will be provided with a serger (two people per serger) and presser feet to use during the class. Beth Ann will also provide thread, fabrics, elastic, cording, strung beads and other notions so that each participant will go home with their own class handout complete with swatches demonstrating each technique. See for yourself how Baby Lock's patented jet-air threading, lack of tensions, easy-to-use differential feed and selection of creative presser feet open up a new world of serging fun!

Thurs., Feb. 24; 10:00 a.m.-1:00 p.m. OR Sat., Mar. 3; 10:00 a.m.-1:00 p.m.

There is no fee for this class, but space is limited; please call 616-531-5561 ahead of time to register.
