

Basic Binding Class with J'Ann McEwen

Do you have a project that is "just about" completed -- only you are uncomfortable with binding it? Here's the opportunity to learn a basic binding technique either totally by machine or part-machine and part hand-sewn - your choice.

Beginner, \$20

MUSKEGON - Tue., 11/17; 9:30 AM - 12:30 PM

WYOMING - Wed., 9/23; 1:30 - 4:30 PM

Supply List:

Sewing machine in good working order with cord and foot pedal

Basic sewing supplies (pins, scissors, seam ripper, bobbins, etc.)

Rotary cutter, mat and ruler

Machine Needle Type: 75/11 quilting or 70/10 Microtex

Thread Type(s): 50 wt neutral color piecing thread

Fabric requirements: Already sandwiched project such as quilt, table runner, placemat, etc. OR a sample sandwich (two layers of muslin with batting in between) at least 15 x 15". If bringing a project, it should be ready for binding.

Binding fabric to cut in 2 1/2" strips by WOF (width of fabric) which, when pieced, will fit around your quilt/sample plus another 15" - 20" to be on the safe side. If you are already familiar with how to piece the strips of binding on a 45 degree angle you may do this part at home.

Notions: 1/4" piecing foot or open toe foot; fabric marking pen or pencil; fusible thread if you wish to use in bobbin (op); Roxanne's Glue (if doing totally on machine (op - but very helpful and my preferred method)

Save 10% on class supplies purchased at Lakeshore Sewing!

Whenever possible, please order or purchase class supplies at least 2 weeks in advance. Thank you!
