

Computer to Stick with Julie Norkoli

How do I get these files onto a stick so that I can use them in my embroidery machine? This is a basic, two-day computer class that focuses on Windows File Explorer. At the end of the class you should have the confidence to locate and organize your files as well as transfer them from the internet or CD to a memory stick. We will start with the very basics and go slow. There will be handouts with all the steps. In addition, you will have the opportunity to take notes, and practice the steps to manage your files.

Beginner on Computers, \$30

MUSKEGON - Thu., 9/10 & 10/1; 12:30-3:30 PM
